What Others Believe

100 YEARS AGO.

100 years ago machinery had just started to turn its wheels. Lunatics were treated as criminals. Charity was a Bible injuction-a word but not a practice. There were no medinot enter college. Child flogging and wife beating were personal privileges with which courts did not concern themselves. Intolerance was king and fatalism and superstition were prime ministers in the government of the snind. Think of the triumphant century from which we have pust emerged-think what our fathers made of themselves and for themselvesthink with what inadequate and clumsy tools-think with what scant and school. inexact information they wrought, and his cousin, Wesley Baker. if you dare to despair-if you dare to. to whimper-if you dare to let one Monday feather moult from the beating wings of ambition, you disgrace your hour. Rise. Go on The road is clear. A rainbow, wider of sweep and fairer of hue than ever before sweeps the heavens.-Herbert Kaufman.

Murry Funeral Services Today.

The funeral services of Mrs. Sarah E. Murry, who died at her home Saturday morning, was held at the First Monday, Christian church today at 2 o'clock, The Rev. C. Emerson Miller, pastor, will conduct the services.

The quartet composed of Mrs. F. P. Robinson ,Mrs. J. D. Richey, W. E. Goforth and H. J. Becker, sang.

The pall bearers were William Cumpton, Arch Frank, O. W. Swinford, J. S. Shinabargar, W. W. Glass and G. B.

Husbands' Elevation to High Positions Accredited to Them.

GREAT INFLUENCE.

Great Britain Prime Minister's Wife of Material Assistance to Him, and She Is Probably Most Influential Wo-Aiso Powerful.

London.-Two women, Mrs. Asquith and Lady Haig, are playing an active part in Great Britain's politics. their work is accredited the elevation of their husbands to high positions.

The action brought by Mrs. Asquith, the wife of the prime minister, against the London Globe to restrain its editor as a friend of German prisoners of bere. war interned in Donnington Hall had much more behind it than the extreme Christmas, 1913, suffering from tuber nd fearless woman.

The prime minister's wife is probably thought hopeless, thought hopeless.

The surgeons to the prime minister's wife is probably the most influential woman in English. sion, that of the seventh holder of the Manchester title and the eighth Devonshire, could perhaps have had greater political power if she cou have persuaded the indolent Duke of Devonshire to accept the office of prim ninister. Mrs. Asquith, on the other Columbia, Mo., Jan. 4.-School work hand, is commonly believed to hav materially assisted her husband to this high office. His enemies have always been legion and his friends not numer ous, his character being that of the serious Scotsman who forms emotions ties with difficulty.

Mrs. Asquith, brilliant, witty, temperamental and intellectual and invariably entertaining, has supplied this deficiency and by her tact and charm

BABCOCK TEST AND SCALES

Instruments for Ascertaining Correct tism Value of Dairy Cow-Outlay Is Not at All Large.

The Babcock test and scales are in truments for ascertaining the correct value of the dairy cow with reference to her milk and butterfat production The test is simple, accurate and easily mastered by anyone who will give the matter careful study and attention, taking the necessary time for the work. Those who prefer not to de vote the time should join a cow-test ing association, for it does not pay to keep unprofitable cows.

A small four-bottle tester with glass ware and full directions can be se cured for about \$5 of any creamerysupply company.

ESTABLISH THE MILK FLOW

Best Time is When Cow is Fresh and Should Take From Three to Four Weeks-Feed Liberally.

The time to establish the milk flow of the cow is when she is fresh. I should take three to four weeks to bring her to a full flow of milk and to eating a full ration. There is no other time in the period of lactation when care and judicious feeding have a more important bearing upon her year's rec-

The dairy cow should be fed liber ally, but care should be taken not to overfeed her and carry her beyond her capacity. This works injury not only to her milk function, but to her breeding powers.
